Industrial Valves

Industrial Valves is very pleased to introduce our company as one of the leading manufacturer and exporter of finest quality **Industrial Valves** products in all over India. Our company offers a comprehensive range of **Industrial Valves** that are fabricated from superior quality raw material such as ductile iron, has telloy, forged steel and cast iron incorporating a wide range of process connections and modern technology. Our products are highly applicable in usual applications of differ industries like technical process plant, petrochemical industry, pulp and paper industry, power plants and oil refineries.

Industrial Valves Manufacturer

Our company earns topmost position in the global market as one of the leading industrial valves manufacturer from Ahmedabad, India. **Industrial Valves** is entirely equipped with the precision machineries and most modern manufacturing techniques are employed to get the best quality valves products. Our range of industrial valves comprises **Ball Valves, Butterfly Valves, Non Return Check Valves and Gate Valves** that manufactured in accordance with internationally accepted standards like API/ASA/ASTM/ANSI/MSS/BS/DIN/JIS/IS specifications.

Features

- Sturdy Construction
- Longer Service Life
- Leakage Proof
- Easy To Operate

High Pressure Valves Exporter

We are manufacturer and exporter of **High Pressure Valves** in the brand name identified as FLOEC. Our products are well-designed so that they can function efficiently even under harsh conditions. **High Pressure Valves** are used in controlling the pressure in a variety of piping systems. All our products pass through the system of quality check right from raw materials to finish products by qualified and proficient engineers.

Features

- Dimensionally Accurate
- Easy Handling At High Pressure
- Custom Design
- Anti Corrosive

Industrial Ball Valves India

Industrial Ball Valves are a one type of **Industrial Valves** with floating ball mechanism, work to achieve complete shut off and shut on for controlling flow or fluids. We use excellent quality of material and the latest technology to fabricate **Ball Valves** so that they exhibit reliability, consistency along with durability. These valves are highly preferable in various industries such as chemical, edible oil refineries, food and beverages, life sciences, waste water industries, plumbing industries and many more.

Features

- Long Lasting Working Life
- Fire Safe
- Trunnion Mounted
- Operated by Pneumatic and Electrical Actuator

Our Focus

We are expert in:

Industrial Valve

Industrial Valves Exporter in Ahmedabad

Industrial Valves Manufacturer in India

Ball Valve

Knife Gate Valve

High Pressure Butterfly Valve

Valves For Vacuum Application

Duplex Steel Globe Valves

Alloy-20 Valves

Forged Stainless Steel Valves

Check Valves

Non-Return Check Valves
